

**Noise Management Plans**

All noise management plans must include the following information:-

- 1) Details and reasons for construction work likely to be carried out outside the hours of 7am – 7pm;
- 2) Details of activities on the construction site likely to result in noise emissions that will not comply with the assigned levels under Regulation 7;
- 3) Details of the duration of such work;
- 4) Predictions of potential noise emissions on the construction site;
- 5) Details of measures to be implemented to control noise emissions (including vibration);
- 6) Procedures to be adopted for monitoring of noise emissions (including vibration); and
- 7) Details of complaint response procedures that will be adopted (including contact details to site managers/supervisors etc...)

Completed Noise Management Plans are to be submitted to the City of Armadale's Health Services Department for approval **before** construction can commence.

Further information can be obtained by contacting an Environmental Health Officer on 9399 0111.
