SURVEY OF BUS DEMAND TO MANDURAH RAILWAY

CITY OF Armadale

Council wants to find out how many people would use a bus service to travel from Armadale to Murdoch Railway Station and/or Fiona Stanley Hospital (when it is completed). For some people, Cockburn Central will be their preferred destination. The Survey allows for both destinations.

The Survey will be used to inform the State Government of the level of demand. This will allow the Government to determine whether a bus service is viable.

Please include your name and address, as the Survey will only be effective if it accurately reflects actual ***need***, rather than that we would ***like*** to have it.

To return your completed Survey form:
