## **DISCLAIMER**

---

The Disclaimer for protecting Councillors and staff from liability of information and advice given at Committee meetings was read by the Chairman.

## **DECLARATION OF MEMBERS' INTERESTS**

---

Nil

## **QUESTION TIME**

---

1. Mrs B Hannibal - 30 Tollington Park Road, Kelmscott

Mrs Hannibal enquired of Committee why dogs are not permitted on the public right of way at John Dunn Sports Centre as this was very rarely used and dog owners always carried "doggy bags" should the need arise so other users of the area were not inconvenienced in anyway.

The Executive Director Technical Services replied that this matter would be taken on notice and referred to the Community Services Directorate.

Mrs Hannibal also requested that the tall grass in Public Access Way between Mimosa Court and Third Avenue be mowed as this was now very high.

The Executive Director Technical Services replied that this area would be inspected and any maintenance work carried out before the end of November 2009.

2. Ms Tammi Kearney – 19 Lefroy Road, Kelmscott

Ms Kearney asked whether a response had been received from Main Roads with regard to intersection treatments at the corner of Lefroy Road and Brookton Highway

The Executive Director Technical Services replied that the Directorate had not yet written to Main Roads but would be doing so shortly and include Lefroy and Brookton Highway in the discussions.

Secondly, she enquired why the speed monitors on Lefroy Road had been placed in the positions they were in as she felt that they did not give an accurate reading for speed as they were placed too close to the intersection and the top of the hill, where vehicles would naturally slow down.

The Executive Director replied that the classifiers on Lefroy Road would be inspected and if required, in order to ensure the area traffic issues were measured, would be relocated to a suitable position.

Thirdly, she asked for a copy of a report that had been mentioned in the Comment News regarding traffic issues in Lefroy Road as it was her understanding that this report stated that the issues were of no consequence to Council.

In relation to the newspaper article the Executive Director Technical Services advised that this has been composed by the Comment News without consultation with the City and the report referred to in the article was taken from the response to Ms Kearney's question reported in the Minutes of the Technical Services Committee Meeting held on 5 October 2009 – page 2; the relevant part of the Minutes is as follows:

*“Question Time*

*Ms Tammi Kearney – 19 Lefroy Road, Kelmscott*

.....

*She stated that the residents of Lefroy Road were concerned about the volume and speed of traffic from outside the immediate neighbourhood using the road.*

*The Executive Director Technical Services stated that the partial closure of Lefroy Road would create significant issues and that the volume of traffic on Lefroy Road is well within the guidelines for local access roads – the classification of Lefroy Road. He also stated that a number of similar traffic issues have been reported over the entire City.*

*Although the volume of traffic had increased it was not considered excessive particularly when compared to other streets with similar problems. He explained that a consultant had been employed to rationalise the situation and his report should be finished in the first quarter of next year.*

.....”

The Minutes are available on Council's website at [www.armadale.wa.gov.au](http://www.armadale.wa.gov.au) following the “Quicklink” to Agendas/Minutes.

## **DEPUTATION**

---

Nil.

## **CONFIRMATION OF MINUTES**

---

### **RESOLVED**

**Minutes of the Technical Services Committee Meeting held on 5 October 2009, be confirmed.**

**MOVED Cr Mauger  
MOTION CARRIED (5/0)**

**ITEMS REFERRED FROM INFORMATION BULLETIN – ISSUE NO. 17**

---

The following items were included for information in the “Technical Services” section:

- **Outstanding Matters & Information Items**  
Report on Outstanding Matters – Technical Services Committee ..... T-1
- **Monthly / Quarterly Departmental Reports**  
Technical Services Works Programme ..... T-3  
Waste Services Report July to September 2009..... T-8
- **Miscellaneous**  
Construction of concrete crossovers – new procedures ..... T-15  
MWAC Information bulletin..... T-17  
City of Armadale 2009-10 Traffic Classifier Installation Schedule..... T-23  
Western Power Vegetation Management Enews ..... T-24

*Committee noted the information and no further items were raised for discussion and/or further report purposes.*

**\*\*WARTON ROAD - COMPULSORY LAND ACQUISITION**

WARD Lake  
 FILE REF  
 DATE 13 October  
 2009  
 REF GE  
 RESPONSIBLE MTS  
 MANAGER

**In Brief:**

- Negotiations on Lot 143 Warton Road, for road construction, are not going to be achieved and a compulsory purchase will be necessary.
- **Recommend**  
 That Council, on the basis of the land area required from Lot 143 Warton Road for road construction purposes having subsequently been determined as being of a lesser area:-
  1. Rescind\* those reference in prior Council resolution CS18/2/09 of 23.2.09 to “Drawing 07-35-05-G”; and
  2. Replace those prior drawing references “Drawing 07-35-05G” in resolution CS18/2/09 with Drawing 07-35-05-Ga” (as now amended and reflecting the lesser land requirement), a copy of which is provided as *Attachment “A-1” of the Agenda (see Summary of Attachments – Green Page* to this report.

**Tabled Items**

Nil

**Officer Interest Declaration**

Nil

**Strategic Implications**

6. Provide Physical Infrastructure and Caring the Natural Environment

Continue to develop an integrated transport system, by:

Constructing Warton Road to provide interconnectivity between Armadale and Nicholson Roads.

**Legislation Implications**

General assessment of relevant legislation (eg Local Government Act) has not revealed any restrictions. Compulsory acquisitions undertaken under the Land Administration Act 1997.

**Council Policy/Local Law Implications**

General assessment has not revealed any applicable Policies/Local Laws

**Budget/Financial Implications**

Nil – The cost of acquisition for properties along Warton Road is covered by Development Contribution Plan No 3.

**Consultation**

Planning Development Officer

**BACKGROUND**

In February 2009, Council authorised the compulsory acquisition of a number of portions of land on Warton Road, Forrestdale for road construction purposes. The prior confidential Council Resolution CS18/2/09 of 23 February 2009 read as follows:

*“That Council:*

1. *Authorise the compulsory acquisition of portion of:  
Lot 8 Warton Road as shown on Drawing 07-35-5-F;  
Lot 143 Warton Road as shown on Drawing 07-35-05-G;  
Lot 150 Warton Road as shown on Drawing 07-35-05-J;  
Lot 113 Warton Road as shown on Drawing 07-35-05-K;  
Lot 114 Warton Road as shown on Drawing 07-35-05-L; and  
Lot 9001 Warton Road as shown on Drawing 07-35-05-I;*

*for purposes of public works as defined under the Land Administration Act 1997:*

2. *Accepts dedications of those areas of land as indicated on Drawing Nos 07-35-05-F; 07-35-05-G; 07-35-05-J; 07-35-05-K; 07-35-05-L; and 07-35-05-I; for road widening purposes (construction of dual carriageway) and that Department of Land Information be informed accordingly; and*
3. *Indemnify the Department of Land Information and the Minister for Lands against any costs and claims arising from the compulsory acquisition of portion of Lots 114, 113, 150, 9001, 143, and 8 Warton Road Forrestdale”.*

The action was taken to ensure this major road project (dualling of Warton) could proceed on schedule should negotiations between the City and the various land owners fail to meet mutually acceptable purchase agreements.

**DETAILS**

At this point a large number of acquisitions have been successfully completed or are near to completion without resorting to compulsory acquisition. See Schematic Sketch Drawing No 07-35-05-Z at **Attachment “A-1” of the Agenda (see Summary of Attachments – Green Page)**. Unfortunately it appears that the negotiations on Lot 143 Warton Road are not going to be achieved and a compulsory purchase will be necessary. During the period of negotiations with the owners of Lot 143 on their request we revised the road design and reduced the land requirements for the road widening. This change now requires Council to essentially reaffirm the authorisation to compulsory purchase based on the revised land area.

**T85/11/09 RECOMMEND**

**That Council, on the basis of the land area required from Lot 143 Warton Road for road construction purposes having subsequently been determined as being of a lesser area:-**

1. **Rescind\* those references in prior Council resolution CS18/2/09 of 23.2.09 to “Drawing 07-35-05-G”; and**

2. **Replace those prior drawing references “Drawing 07-35-05G” in resolution CS18/2/09 with “Drawing 07-35-05-Ga” (as now amended and reflecting the lesser land requirement), a copy of which is provided as *Attachment “A-2” of the Agenda (see Summary of Attachments – Green Page to this report.***

***\*ABSOLUTE MAJORITY OF COUNCIL REQUIRED***

MOVED Cr Munn

MOTION CARRIED (5/0)

***TENDER NO. 37/09: TENDER FOR THE CONSTRUCTION OF CONCRETE FOOTPATHS***

WARD	ALL
FILE REF	TEN/37/09
DATE	2 November 2009
REF	JC
RESPONSIBLE MANAGER	MCW

**In Brief:**

- Tender No. 37/09 was recently called for the construction of concrete footpaths.
- Four conforming tenders were received by the specified closing time.
- The tender from Nextside Pty Ltd has been assessed as being the most advantageous to Council.

- **Recommend**

That with Tender No. 37/09, Tender for the Construction of Concrete Footpaths, Council accept the tender of Nextside Pty Ltd for the period 1 December 2009 to 30 June 2010 in accordance with their submitted tender and Council's contract documentation.

**Tabled Items**

Tender documents; tenders received; summary of tender assessment.

**Officer Interest Declaration**

Nil

**Strategic Implications**

Corporate Services

*To achieve maximum community benefit from effective use of resources (staff, finances and information technology).*

**Legislation Implications**

Assessment of legislation indicates that the following regulations apply:

*Local Government Act (Functions and General) Regulations 1996 s3.57 (11) (2) (f)*

**Council Policy/Local Law Implications**

Assessment of Policy/Local Law indicates that the following are applicable:

*Policy ENG 5: Tendering and Purchasing.*

**Budget/Financial Implications**

Can be contained within current budget allocation.

**Consultation**

Nil

**BACKGROUND**

The City contracts out the construction of insitu concrete footpaths as it is a specialised operation for which the City does not have the appropriate resources to effectively undertake the task. The City's current footpath construction programme requires a specialised contractor who can cope with the large volume of concrete work, in order to continue with the improvements to the footpath network within the City. Tenders were called for the Construction of Concrete Footpaths for a seven month period up until 30 June 2010.

The 2009/10 footpath program includes the construction of 7 new paths with a budget of \$334,900, 2 existing path replacements with a budget of \$33,500 and 2 new bike paths with a budget of \$164,700.

In addition to the above, the successful contractor will be completing footpaths as per the annual road construction program and capital works of the Parks and Reserve Department that the City will be carrying during the period of contract.

The value of this function is expected to exceed the \$100,000 limit and as such a tender is required to conform to the Local Government Act and Council's internal Purchasing Policy.

### EXISTING CONTRACT INFORMATION

Essential details of the existing contract are as follows:

**Table 1: Existing Contract Information**

Current Contractors	Grayson's Concrete Services
Contract Type	Schedule of Rates
Contract Duration	7 months
Commencement Date	1 November 2008
Expiry Date	30 June 2009
Extension Permitted	No
Annual Contract Cost	\$586,900
Total Contract Cost	As per above which includes road construction paths, footpath annual program and construction of footpaths for Parks and Reserves capital works.
Rise And Fall Clause Included	No

### DETAILS OF PROPOSAL

The tender involves the construction of insitu concrete footpaths within the City according to the annual footpath construction programme, footpaths included in the annual road construction programme and Parks and Reserves capital works.

### NEW CONTRACT INFORMATION

Essential details of the new contract are as follows:

**Table 2: New Contract Information**

Contract Type	Schedule of Rates
Contract Duration	Seven months
Commencement Date	1 December 2009
Expiry Date	30 June 2010
Extension Permitted	Yes, as per Clause 4.1.1 of RFT
Rise And Fall Included	Yes, as per Clauses 1.10 and 4.1.1 of RFT

### Selection Criteria

The selection criteria and weightings for the evaluation of the tender are as follows.

**Table 3: Selection Criteria**

ITEM No.	DESCRIPTION	WEIGHTING
1.	Relevant experience	25%
2.	Key personnel skills and experience	10%
3.	Tenderer's resources	20%
4.	Demonstrated understanding	10%
5.	Tendered Price/s	35%
	<b>TOTAL</b>	<b>100%</b>

**Tenders Received**

Tenders were received from Nextside Pty Ltd, BT Concrete Contractors, Grayson's Concrete and Michael Close (A\Cobblestone).

**TENDER EVALUATION**

All tenderers have been involved in the construction industry for a number of years and have experience with local government contracts in the construction of insitu concrete footpaths. They have also shown that they are capable of undertaking large concreting projects.

The Principal has adopted a best value for money approach to this Tender and that means that the tender containing the lowest price will not necessarily be accepted. All submitted tenders have been assessed against the selection criteria. The evaluation has also taken into consideration past experiences that the City has had with Nextside Pty Ltd, Grayson's Concrete Services and Cobblestone during the execution of the footpath programmes. BT Concrete has not worked for the City in the past and has been assessed according to the submitted tender information.

The results, after applying the selection criteria, have shown that the tender from Nextside Pty Ltd is the most advantageous to Council.

**Anticipated Annual Expenditure**

Expected to exceed \$500,000 within the period of contract.

**Tender Rankings**

The tender rankings resulting from the application of the selection criteria are as follows:

**Table 4 – Tender ranking**

Tenderer	Ranking
Nextside Pty Ltd	1
Grayson's Concrete Services	2
BT Concrete	3
Michael Close A/Cobblestone	4

It is important to note that the submitted rate for a square metre of concrete footpath from Nextside Pty Ltd is 5% less than the contract price last year.

**T86/11/09      RECOMMEND**

**That with Tender No. 37/09, Tender for the Construction of Concrete Footpaths, Council accept the tender of Nextside Pty Ltd for the period 1 December 2009 to 30 June 2010 in accordance with their submitted tender and Council's contract documentation and budget allocations.**

MOVED Cr Mauger  
MOTION CARRIED (5/0)

***TECHNICAL SERVICES DIRECTORATE - ADMINISTRATION DEPARTMENT'S  
REPORT FOR THE PERIOD 1 JULY TO 30 SEPTEMBER 2009***

WARD All  
FILE REF:  
DATE 13 October  
2009  
REF CB  
RESPONSIBLE  
MANAGER EDTS

**In Brief:**

- The Administration Department of the Technical Services Directorate is responsible for a wide and diverse range of activities within the Directorate.
- The purpose of this report is to advise Council the volume and types of activities that are undertaken on a quarterly basis.
- **Recommend**  
That Council receive the Technical Services Directorate - Administration Department's report for the period 1 July to 30 September 2009.

**Tabled Items**

Nil

**Officer Interest Declaration**

Nil

**Strategic Implications**

Nil

**Legislation Implications**

General assessment of relevant legislation (eg Local Government Act) has not revealed any restrictions

**Council Policy/Local Law Implications**

General assessment has not revealed any applicable Policies/Local Laws

**Budget/Financial Implications**

Contained within current budget.

**Consultation**

Nil

**BACKGROUND**

The Administration Department of the Technical Services Directorate is responsible for a wide and diverse range of activities within the Directorate which covers general administration functions, customer service, budget / financial monitoring, through to semi-technical matters including CCTV, graffiti and vandalism reporting.

The purpose of this report and then on a quarterly basis is to advise Council the volume and types of activities that are undertaken with the Administration Department. Over a period of time these reports should be able indicate trends and patterns that may be useful in forward planning and financial forecasting and resource allocation. Financial and Budget reporting will be subject to a separate report.
