

We want to know about your Suburb

Did you know that there are 19 suburbs and 91,668 residents in the City of Armadale?

The City of Armadale works alongside a variety of external agencies (Government, community groups, not-for-profits/service providers) to deliver services and support your community.

We are talking to people in your suburb to determine two important factors. Firstly, what you think is unique and what you love about the place you live; and secondly, where you feel there are gaps in the social fabric of your suburb.

This project aims to provide better quality information for decision making and a clearer picture of what is actually happening in your community. This information will help Council continue to 'grow the happiness' of your suburb and support external agencies and community groups to fill the gaps in your local area.

Your privacy is important to us so the information gathered in this survey will be presented in a way that will keep your identity anonymous.

Providing your name and contact details is optional and will only be used so you can go into the draw to win one of four \$250 fuel vouchers and also to notify you of upcoming feedback and community events.
