Growing Our Community

Tell us about your suburb...

CITY OF Armadale

Did you know there are now over 100,000 residents living across the 19 suburbs in the City of Armadale?

The City of Armadale works alongside a variety of external agencies (Government, community groups, not-for-profits/service providers) to deliver services and support to your community.

We are talking to residents in your suburb to determine two important factors. Firstly, what you think is unique and what you love about the place you live; and secondly, where you feel there are gaps in the social fabric of your suburb.

You are invited to complete a quick survey to tell us what you think. The information gathered will help the City better understand each of the individual communities within the City of Armadale. This information will help Council continue to 'grow the happiness' of your suburb and support external agencies and community groups to fill the gaps in your local area.

Scan the QR code to complete the survey or visit https://www.surveymonkey.com/r/ST6P7M7

The City will hold a feedback session later in the year where we will share the results of this project.

Leave your contact details for a chance to **WIN one of four $250 food vouchers**.*
