

What do you think is the biggest issue affecting the social fabric of your suburb?

There are many things that could be considered a social issue. Here are some examples of common social issues that affect communities across the world.

What is a social issue?

“A social issue is a problem that influences a considerable number of individuals within a society. It is often the consequence of factors extending beyond an individual’s control. Social issues are distinguished from economic issues; however, some issues have both social and economic aspects.”
