Saturday 8 May | 9am – noon

Minnawarra Park, Armadale

The City of Armadale is once again launching this program to supply residents with free native plant seedlings, to green their properties and verge area. The native species provided to residents, will help grow the City's Urban Forest and support wildlife.

- **A variety of trees/shrubs/herbs seedlings***
- **Limit of 10 plants per household****
- **Learn from the experts what to plant and where**
- **Information available on care and maintenance of natives**

*8,000 plants available on the morning
**Current proof of residency in City of Armadale and photo ID required
