City of Armadale requirements for Noise Management Plans

All Noise Management Plans must include the following information:

1. Names and contact details (mobile phone number and email address) of the Developer, Site Manager, Supervisor, Engineer and Contractor;
2. Details of the proposed work including –
 - location of the proposed works;
 - purpose of the work and details of activities to be conducted as part of the works; and
 - details of the work schedule including dates, times and duration of the work;
3. Details of activities or equipment to be used that may result in noise emissions;
4. Predictions of potential noise emissions from the site;
5. Proposed methods of noise and vibration monitoring during the works;
6. Details of noise and vibration control measures to be implemented;
7. Complaint recording and response procedures, including a copy of the Notice to Residents.

Completed Noise Management Plans are to be submitted to the City of Armadale's Health Services Department for approval before construction work can commence.

For further information please contact Health Services.
