

Public Events

What is a Public Event?

Regular or one-off indoor or outdoor events where people assemble for civic, social, educational, entertainment, sporting, religious, business or other purposes. Examples include concerts, shows, fairs, festivals, exhibitions, cultural performances, street markets and similar events.

Do I need approval?

If your event is open to the public, use the checklist below, to determine if you need approval:

- ☒ Will capacity be >100 patrons at a time?
- ☒ Are large structures >55m² proposed?
- ☒ Are amusement devices proposed (e.g. bouncy castles, rides)?
- ☒ Are entertainment stalls proposed (e.g. petting zoo)?
- ☒ Are temporary electrical installations proposed?
- ☒ Are any noise sources (band, PAs) likely to impact surrounding residents or businesses?

If you have answered YES to any of the above an event application is required.

If the event space booked has an existing capacity approval for the proposed number of attendees this requirement may be waived. Contact the City's Health Services to confirm.

The below table is a basic event risk guide and indicates the time by which the public event application must be submitted to the City.

Event Risk*	Time Frame	Attendees
High	3 months	> 500
Medium	2 months	100-500
