The City is in the process of reviewing and updating the Municipal Heritage Inventory (MHI) of heritage places and we want your comments!

The MHI documents the buildings and places that have played an important role in the City’s community and building history.

We want your ideas and suggestions for places and buildings to include in the MHI, and your comments on existing places and buildings in the document, so an information can be updated.

Nominations for new places and buildings are to include:
- The name/address of the submitter
- Description of the place together with any supporting information regarding the heritage significance of the place (i.e. photos, historical knowledge etc.).

We will consider the comments received, including consideration of new nominations, and a draft updated MHI will be prepared and presented to Council for consideration for formal public consultation.

If you wish to have your say on the review, please provide your comments to the City via info@armadale.wa.gov.au. Public comments are open until 14 September.

For further information or queries please contact Development Services on (08) 9394 5000.

9 ways to protect your home from bushfire

It's time to start thinking about what you can do to protect your property this bushfire season.

1) Review your fire management and evacuation plan, or develop one if you don’t have one.
2) Go through your plan with your family so everyone knows what you have to do if a fire threatens, and don’t forget to include the family pets in your plan.
3) Prepare your property by removing all overhanging tree limbs from all buildings, to a minimum three metre clearance from buildings.
4) Clean your gutters, gables and roof channels to remove all leaf litter.
5) Remove all dead shrubs and flammable material from the land.
6) Slash/remow all grass areas to a height less than 5cm and maintain until 14 March 2019.
7) Prune under shrubs and prune trees to a minimum height of two metres from the ground up around your home and remove build-up of dead leaves from under them.
8) Rake up leaf litter from around buildings.
9) All firebreaks (three metres wide x four metres high) need to be installed as close as possible to the boundary and clear of all flammable material.

For further information, contact the City’s Rangers on 9394 5000 or DFES www.dfes.wa.gov.au

Spring into Armadale

Music, art and culture, food and markets, trails, walks and workshops, the 2018 City of Armadale Spring into Armadale has returned.

This year’s festival boasts over 50 unique community events promoting the rich tapestry of culture, arts, food, music and people in the Armadale Perth Hills region from August to the end of November.

To see the complete calendar of events go to www.perthhillsarmadale.com.au or contact the Perth Hills Armadale Visitor Centre on 9394 5410 for further information.

Wildflowers of Armadale

There’s only one month left to view the Wildflowers of Armadale Exhibition before it’s gone with the wind.

Discover the history of the City’s wildflowers and the people who have studied and protected them for our enjoyment today and into the future.

Presented by the Armadale Branch of the Wildflower Society of Western Australia and the City of Armadale, the exhibition is open until 31 October and can be viewed during normal opening hours at History House Museum.

Keep fit this summer with team sports

Want to keep fit this summer in a fun and social team sports competition? The Armadale Arena’s futsal and netball indoor sports competitions for adults kick off from 8 October.

Daytime and evening netball games are available, with the creche facilities open for daytime sessions. Futsal games are played on Monday evenings.

Get a team together and register now at armadale.wa.gov.au/sports-nomination-form
